Emprender desde Ceuta

Convertir tus ideas en proyectos de los que poder vivir puede ser difícil, pero posible!

Handwritten notes on a chalkboard, including the word 'Emprendimiento' and various mathematical or business-related formulas and diagrams.

$1000000 + 1500 \left(\frac{1}{2}\right)$

Libertad 

A female lecturer with curly hair, wearing a white sweater and a patterned skirt, stands in front of the chalkboard. She is gesturing with her right hand towards the word 'Libertad' and the tree drawing on the board.

A classroom full of students is seen from behind. They are seated at long wooden tables with blue plastic chairs. The students are looking towards the front of the room where the lecturer is presenting. The room has a projector screen and a chalkboard.
