How to get to Ceuta

About the trip to Ceuta, I do recommend you to take the airplane **to Malaga**. From Málaga airport, you have two options:

OPTION A (in pink in the map):

1. you can take **a direct bus** from the Airport **to Algeciras** <https://booking.avanzabus.com> or go to Málaga main bus station (called Estación María Zambrano) in the city center by **tram** leaving from the airport every 20 min approx. and lasting 10 min. There you can find more buses to Algeciras than in the airport.
2. **From Algeciras**, you will need to take the Ferry to Ceuta. Three companies offer this trip (different timetables, check the one that suits you):
 - <https://www.balearia.com/>
 - <https://www.frs.es>
 - <https://www.trasmediterranea.es/>
3. We recommend you to contact the ABC travel agency as they have some discounts for the ferry for the students of the faculty. Contact:

OPTION B (in yellow in the map):

There is also the possibility to fly **from Malaga airport to Ceuta by helicopter**. The company name is Helity and there are some non-resident offers. However this option is more expensive, but quicker (just 20 minutes in a lovely flight). There is a return ticket special discount for non-residents at <https://www.helity.es/index.php?r=site%2Findex>
